DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Newly submitted claims are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

- I. Previously submitted claims 1-26, drawn to a shelf, classified in class 211, subclass 134.
- II. Newly presented claims 27-44 drawn to a barbecue grill assembly, classified in class 126, subclass 41R.

Inventions II and I are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed. It is noted that claims 27-30, drawn to the combination, do not require a quick release member having a detent, a spring member, nor a shelf having a bottom wall and sidewall, as required by the originally presented subcombination claims. As such claims 27-30 are evidence that the combination does not rely upon the specific details of the subcombination for its patentability. The subcombination has separate utility such as a shelf in a kitchen cabinet. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 27-44 have been withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The amendment filed on August 4, 2006 canceling all claims drawn to the constructively elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03).

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment.
